**With regard to this plot of land, I spoke with the Soc. Of Local Council Clerks when completing the Annual Financial Return for the y/e 31.3.03 after having spoken with the External Auditors and it was decided that, because of the awkward situation of the land and its doubtful value, reference to it should be omitted from the annual return but reference should be made in the explanatory notes that accompany future financial returns. Details of the land must be entered in the Parish Council's Asset Register.**

**(Letter to External Auditors dated 19<sup>th</sup> August 2003 attached for reference purposes)**

**On 29<sup>th</sup> March 2007, I spoke with Emma Prince of the External Auditors (BDO Stoy Hayward LLP) to seek confirmation that the above still applies and she said that it did.**

**Since writing the above, the following advice has been received under the date of 10<sup>th</sup> April 2007 from Peter W Lacey FCA (Consultant to NALC in respect of Accounting and Auditing matters).**

**“The receipt of the gift of land should not be disclosed as a receipt or as income on the Annual Return. It will have to be disclosed within the Asset Register and the value placed on the transfer (probate value) should be adopted for valuation purposes.**

**On any un-audited Financial Statement prepared for the use of the public or the Members, the land should be included in any Note relating to fixed assets – with the value again being the probate value used for the land registry certificate.”**
